A special **thank you to our village photographer, Janet Fiuza**, for all the amazing photos she takes for us.

Janet has a wonderful eye for capturing those special moments that we might otherwise miss. She caught **Frankie Scarpulla throwing a bocce ball in mid-air** – a moment that deserves to be remembered!

I hope everyone is enjoying Janet's photos as much as I am. Her pictures help bring our newsletter and our village events to life. We are lucky to have someone who is willing to share her time and talent with our community.

So, the next time you see Janet with her camera, **smile!** You never know when you might find yourself featured in the next edition of the newsletter!

MANCHESTER COORDINATING COUNCIL

The MCC monthly meeting was held at Crestwood Village 5 clubhouse
325 Schoolhouse Rd, Whiting NJ
September 28, 2026

Senator Carmen Amato Jr., 9th District Delegation was introduced. Trenton has been on summer recess till now. Affordability for our Seniors is a main concern. **PAS-1 form app covers 3 property tax programs.** Senior Freeze, Anchor rebate, StayNJ. The last 2 budget cycles there was an additional $250.00 as part of the Anchor program for our seniors, this was eliminated by the governor. On the district level there are utility assistance, (income requirements), legislative initiatives - get that's $250.00 back, Veterans guides, Senior fraud, (penalties increase for scam artists against seniors and disabled). Governor Murphy pushed NJ to go Green. In that effort more off shore wind, solar gas and nuclear plants were shut down. 10 years ago NJ was an energy escort; we were producing so much energy that we were exporting and selling to other states. We no longer produce enough energy to take care of NJ. When you bring energy from West Virginia and Pennsylvania they generate their energy from COAL. Our residents are paying more for energy because it has to be imported to us. This is defeating the purpose, not saving money and not saving the environment. Big push to go with Small Modular nuclear Reactor devices. Oyster Creek was nuclear, it was decommissioned, they are brining in SMR's which will take 4-7 years to get on line, we are pushing to get these reactive on line.

Any issues with any state agency contact them and they will help. Handouts were available regarding home energy assistance, Identity Theft, program for food insecurities, Human services, comfort partners, NJ Human Services, Property tax relief, Senior Bites Program, Lock box program, Voter ID bill etc. **(609) 693-6700** and **732-678-1355.**

NJMVC is coming to you. Mobile Motor Vehicle unit will be at the First Aid building. Make your appointment for REALID/Registration renewals, initial permit, non driving ID, Duplicate Replacement Title or Registration. http://telegov.njportal.com/njmvcmobileunit

Mayor Hankins said regarding power outages, we had 13 events during the 2 day recent storm with winds over 35 mph. JCPL has been very responsive to Manchester. Many improvements were made.

Mayor Hankins gave his phone number out for coming to the meeting. He is as transparent as it gets! If you hear something that sounds crazy call him.

Trustee Communication

Trustees are members of our community, just like you. If you have an issue or concern you would like to discuss, they will be happy to meet with you. Please call the office to arrange an appointment with the Board.

We kindly ask that you respect the trustees' personal time and privacy by not calling them at home or knocking on their doors to discuss community matters. They deserve to enjoy their personal time, just as you do.

Thank you for your understanding and cooperation.

"Today is a new day, a fresh beginning, and another chance to find joy, embrace hope, and make something beautiful happen."

A Friendly Reminder to All Dog Owners

I am embarrassed that we have to keep addressing the same issue, but unfortunately, the complaints continue. Members are either leaving dog droppings behind or placing them in other members' trash cans. I believe the office and trustees have more important matters to discuss.

This month, we have received complaints from residents on **Highland and Hope**.

Please remember that **cleaning up after your dog is your responsibility.** Always pick up after your pet and dispose of the waste properly in your own trash receptacle. Other members should not have to deal with someone else's pet waste in their garbage cans.

We are all neighbors sharing the same community, and a little courtesy and consideration go a long way. **Let's work together to keep Crestwood Village 1 clean, pleasant, and enjoyable for everyone.**

Please be a responsible pet owner and a considerate neighbor.
Thank you for your cooperation.

MAINTENANCE MINUTE

Happy Fall to the Residents of Village 1!

Total Work Orders Completed (past 30 days) = 198

Well, it didn't take long for the leaves to change and start falling. This month I would like to discuss some items regarding the changing seasons and what you can do to help prepare yourself for the cooler months ahead. As most of us already know, we can get some heavy winds ripping through the Village which can and probably will cause damage in one way or another…hopefully this article will help you to prepare. If there is any damage from something of yours hitting into another person's property (Co-op included) you will be financially responsible for any related damages.

Lawn Décor

It's about that time to start breaking down your Summertime related décor and furniture. Please pull in any lawn furniture you have out, either on a patios or on the lawns. Close and store any umbrellas, remove canopy/gazebo covers and any seasonal items should be removed. Crestwood Village 1 respectfully requests that these items be stored in garages, sheds or porches for safekeeping. If you cannot store items in any of these locations, then please NEATLY store them against your unit, in a location that will not be a potential eyesore for the next 6 months. Just a reminder, there should be no gasoline cans or propane tanks left around your building.

Brush and Bag Procedure

Every Thursday, the Village 1 Co-op provides removal of brush and bags for our residents. Please take advantage of this awesome service. There are several Manchester Township published guidelines for you to follow to make this as efficient as possible, especially when considering the 1,016 individual units that are present here in Village 1.

The Village 1 Co-op requests that on-street parking be limited on Thursday's brush and bag pickups. Especially down in the courts, people tend to "spread out", making it very difficult for our large grass truck to make it through sometimes. If there are excessive vehicles on the streets or down the courts at the time of service and the workers deem the situation hazardous, they have been directed to go pass the street or court and will not make a return trip until the following Thursday. If the situation continues, the Village 1 Co-op will revisit the on-street parking policy here in Village 1.

1. Brush and bags must be out the night before or by no later than 6:30 AM the morning of Thursday's pickup;
2. Raking and/or blowing the leaves to the curbs is NOT PERMITTED and will not be picked up the Co-op;
3. There will be no return trips or doubling back for calls regarding missed pickups or late callers. There are multiple workers on the trucks doing the pickups and is highly unlikely that we are missing any piles or bags;
4. Typically, there are 2 vehicles making the rounds, 1 for brush and 1 for bags;
5. Brown paper recyclable lawn and leaf bags are the only types of bags permitted to be picked up and used for yard clean ups;
6. These bags are for leaves, pine needles, acorns and pine cones;
7. The workers will leave your bags if there is evidence of improper materials stored; sticks, planters, excessive soil, rocks, etc. and if it is too heavy. The intended materials are not heavy and should not make the bags heavy enough where the workers struggle to get them in the truck;
8. These rules are promulgated by Manchester Township and they can revoke our dumping privileges if they are not abided to;
9. Brush is to be left in neat piles by the curbside, on the lawn;
10. The brush will be picked up and chipped up as we make our way;
11. Root balls will not be picked up and arrangements will have to be made for separate pickups;
12. Excessively large piles of brush may not be picked up. If it appears that the brush piles were left by a subcontractor, a call will be placed to the resident, as it is pretty obvious when this occurs.

As always, please contact the Trustees Office or the Maintenance Office for any questions or concerns.

Thanks and take care!
