Welcome to February, hope everyone is enjoying the winter so far. We have had some snow already to remind us to be careful. We all know that February 14th is Valentine's Day. Let us look at what else makes February a great month as well as the shortest month of the year.

Valentine's Day

Black History Month

Go Red for Women (heart disease)

Eating Disorders Awareness Week

Web

“February is special for being the shortest month, the only one that can lack a full moon, and for its distinct cultural observances, notably Black History Month, Valentine's Day, Groundhog Day, and often the Lunar New Year, plus its Roman origins tied to purification and being the last month added to the early calendar. It is a month of contrasts, blending romance with historical tributes and quirky traditions, all packed into 28 or 29 days (leap years).

The name February comes for the Latin word, februa, meaning “to make pure” and in ancient Rome there were many different festivals and ritual practices that took place during this month related to purification, spiritual sacrifice, and fertility. It is a month filled with historic firsts, from the first African American Senator (1870) to the Beatles' US debut (1964) and the first American in orbit (1962). ”

End Web

February will come and go but when it is over we are much closer to Springtime. Until then, please be careful and remember our residents out on the road day and night.

Thank you,
John Leach

Residents receiving this notice who are outside the geographic boundaries of Manchester, please contact CNE to be removed from the program. Manchester residents who do not receive this notice are permitted to join the program any time.

² Supplier cannot vary prices monthly or adjust prices for changed market conditions, or change the rate after an initial 'teaser' period. The contract price can only be changed in the event of a change law or regulation that imposes cost levels on the supplier that were unknown at the time the contract was executed, and that similarly impacts the cost of power supply under the JCP&L tariff.

³ Equal payment plans (EPP) will be provided to residents who currently have EPP billing with JCP&L. Under budget billing service, CNE will calculate your budgeted amount based on your average electric usage over the prior 12 months. Periodically, CNE will examine your budget and may adjust to more closely match your usage from the previous year. CNE will also conduct a final true-up at the end of the contract - or upon your leaving the program should you 'opt-out' before the end of the 18-month term - to reconcile between the amount of electricity actually used and the amount paid under the plan. The new budget amount may vary from the level of your current budget payment. You will continue to receive a leveled amount from JCP&L for delivery service, and you may experience true-ups with JCP&L during the contract.

9 & 23

Creative Writing Club

The meeting dates for Crestwood Creative Writers for the month of February will be the 9th, and the 23rd. They will be held at the Clubhouse in Room "A" from 11:00 AM to 1:00 PM. All resident poets, writers or lovers of the spoken/written word are invited to join our next meeting. Any questions e-mail Joe at Joseph.Stanick@yahoo.com.

TOWING WITHIN THE VILLAGE IS NOW IN EFFECT

Unregistered, illegally parked and inoperable vehicles are subject to towing. We are also beginning to tow unauthorized vehicles parked in our overflow lot behind the golf course. The Village has no authority once the vehicle is towed.

You would need to contact Accurate Towing at **732-349-6439** directly to get the costs and arrange retrieving your vehicle.
