SAVE SENIOR HOUSING

Stop in the office to sign the petition - available during business hours.

Sign the Petition in Opposition to Assembly Bill A3466

Protecting New Jersey's 55+ Communities – Save NJ Senior Housing

Summary

- Assembly Bill A3466 was introduced on 1/13/2026, in the NJ Assembly Housing Committee.
- The bill would significantly alter how age-restricted (55+) communities operate.
- It undermines long-standing federal and state protections for housing intended for older adults.

What A3466 Does

- Prohibits 55+ communities from enforcing minimum age requirements for buyers.
- Forces homeowners to sell their homes without regard to the buyer's age.
- Requires associations to accept deed transfers to purchasers under age 55.

Financial and Legal Consequences

- Imposes substantial fines on homeowner associations that follow their existing governing documents.
 - Penalizes communities for enforcing: Deeds, Covenants & Restrictions
 - Bylaws
- Drains operating budgets and increases financial strain on senior residents.
- Undermines associations' fiduciary responsibility to their shareholders.
- Threatens home values and long-term financial security for residents.

Why 55+ Communities Matter

- These communities were intentionally developed to provide:
- Affordable housing Low-maintenance living Quiet, stable neighborhoods f
- The federal **Housing for Older Persons Act of 1995 (HOPA)** explicitly legitimized age-restricted housing.
- Governing documents were created to preserve the character and protections residents relied upon when purchasing their homes.

Legislative History and Concerns

- Similar bills have been introduced previously:
 - A4106 (2022) A2271 (2024)
- Claims that age restrictions harm homeowners by making homes harder to sell are disputed by residents with firsthand experience.
- Outside interests are pressuring lawmakers to dismantle age-restriction safeguards for financial gain.

Our Position

- A3466 harms seniors, destabilizes established communities, and contradicts the purpose of HOPA.
- Homeowners who invested their retirement savings in these communities did so with the expectation that age protections would be honored.
- This bill creates risk, uncertainty, and financial harm for older New Jersey residents.

Call to Action

- **Sign and Share the petition**
 - **Write letters to your Legislators asking them to oppose A3466**
 - **Call your Legislators and ask them to oppose A3466**
